MEMORANDUM FOR SEE DISTRIBUTION

SUBJECT: Operational Risk Management (ORM) Integrated Product Team (IPT) Charter

This serves as the formal charter for the establishment of a HQ USAF ORM IPT under the Environmental, Safety and Occupational Health (ESOH) Committee.

The cross-functional ORM IPT develops and directs Air Force policy and program requirements associated with operational risk management. The IPT provides oversight for the Air Force's Operational Risk Management Program. Core IPT members include representatives from the following agencies:

- Office of the Deputy Assistant Secretary of the Air Force (Science, Technology and Engineering)
- Office of the Deputy Assistant Secretary of the Air Force (Budget)
- Office of the Deputy Assistant Secretary of the Air Force (Environment, Safety and Occupational Health)
- Office of the Inspector General
- Office of the Surgeon General
- Directorate of Communications and Information
- Office of the Chief of Safety
- Office of the Judge Advocate General
- Directorate of Civil Engineering
- Directorate of Maintenance
- Directorate of Supply
- Directorate of Transportation
- Directorate of Security Forces
- Directorate of Operations and Training
- Directorate of Personnel Resources

The IPT will be chaired by the AF/SE representative. Other functional SAF and HQ USAF agencies not listed above are also members of the IPT but will only participate on an as-required basis.

The ORM IPT will routinely report to and be tasked by the ESOH Committee's Overarching Integrated Product Team (OIPT), a subcommittee of the ESOH Committee.

THOMAS W.L. MCCALL, JR.

Deputy Assistant Secretary of the Air Force
(Environment, Safety and Occupational Health)

DAVID L. VESELY

Lt Gen, USAF
Assistant Vice Chief of Staff
